SKILLS AND TOOLS

Data Scientist and AI Engineer with 2+ years of experience in data analytics, machine learning, and business intelligence. Skilled in building predictive models, developing data-driven solutions, and creating AI-powered tools that enhance efficiency and decision-making. Strong expertise in SQL, Python, Power BI, and Excel, with a passion for teaching and mentoring the next generation of data professionals.

- **Certifications:** Data Science Bootcamp (Udemy) | Excel, SQL & Python Skillpath (Udemy) | Data Analysis (Elite Global) | Python Programming (Parach ICT Academy)
- **CORE SKILLS:** SQL (advanced queries, joins, optimization), Python (Pandas, NumPy, SciPy for A/B testing), Power BI (KPI dashboards, reporting automation), Excel (PivotTables, financial models), Data Cleaning & Validation, Forecasting & Trend Analysis, CRM/ERP familiarity(Studio/HubSpot), Data Integrity.

PROFESSIONAL EXPERIENCE

KOVUN ACADEMY Remote Data Science & AI Trainer   07/2024 - Present
- Designed and delivered 15+ course modules (Excel, SQL, Python, Power BI, Machine Learning, Data Science), increasing student completion rates by 35%.
- Trained 150+ learners with 90% satisfaction and mentored 50+ into data roles and internships.
- Facilitated hands-on projects in machine learning, predictive modeling, and data visualization, improving analytical and problem-solving skills by 85%.
- Completed in-house Data Science and Machine Learning certification at Kovun Academy, strengthening AI engineering and model deployment expertise.
- Simplified complex AI and data concepts for beginners, improving understanding and communication across teams.

ELITE GLOBAL Remote Data Analyst Intern   09/2024 - 01/2025
- Cleaned and validated large datasets (1M+ rows), improving data accuracy by 98%.
- Created complex SQL queries to extract and analyze customer data, reducing data retrieval time by 50%.
